

CLOUDSKIN

ALL BEAUTY, NO DISCOMFORT

Just as dreamy as it sounds,
get that perfect, lit-from-within
glow using the magic of air

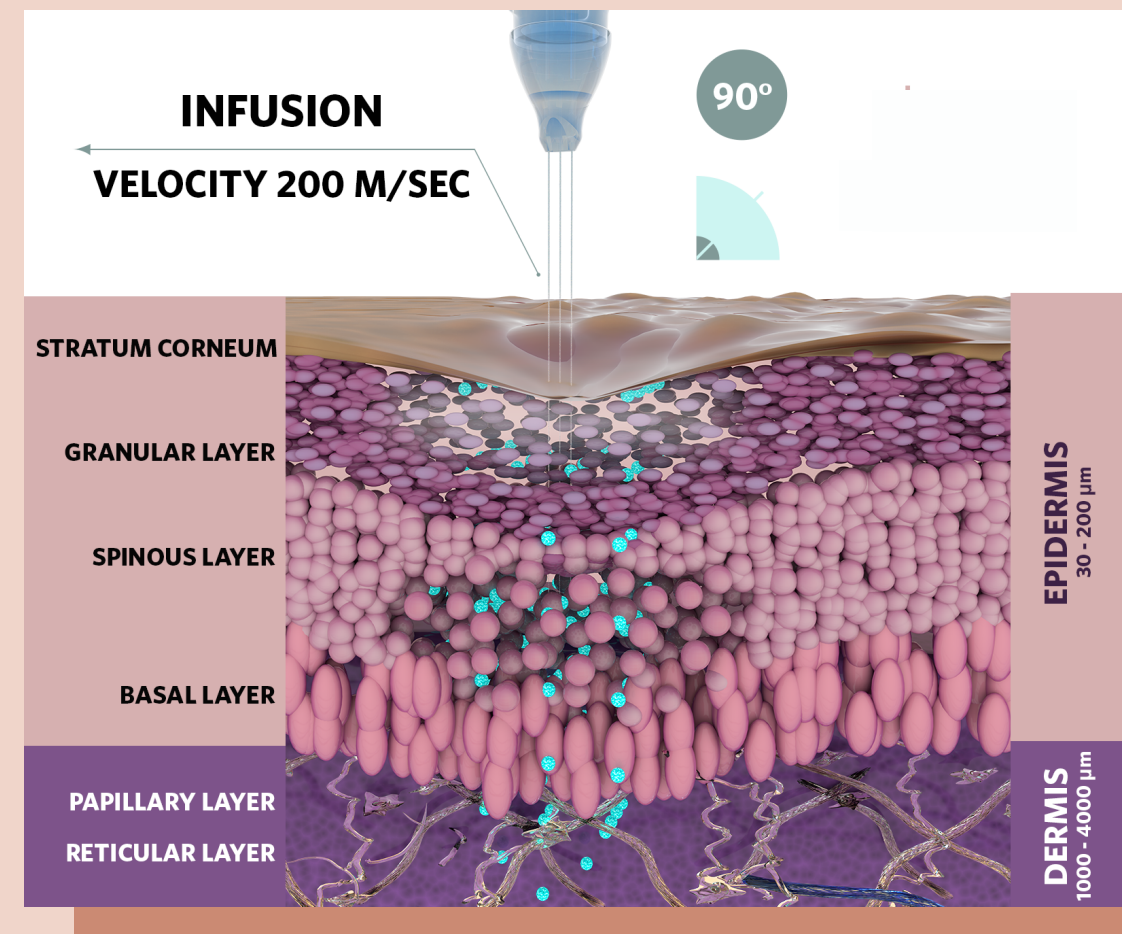

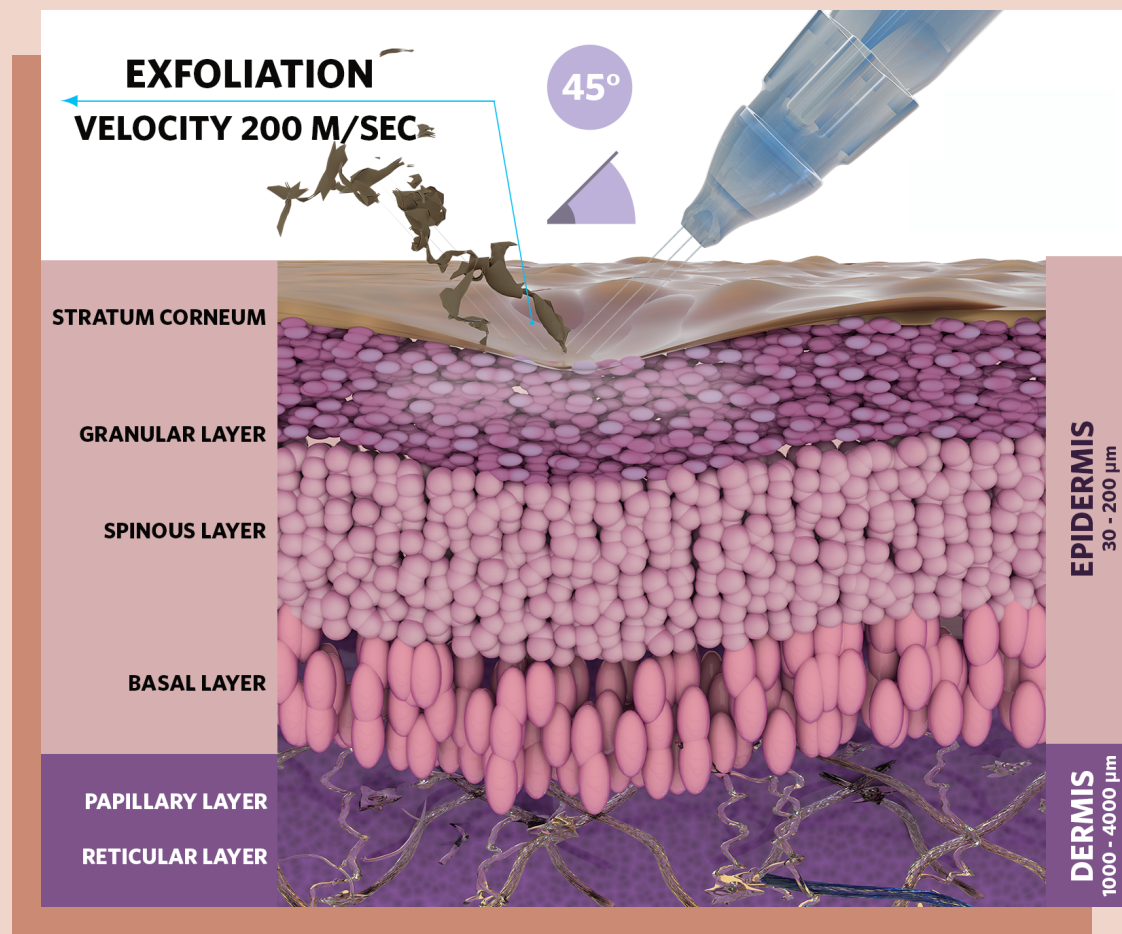

Cloud Skin uses **the power of air** to infuse nourishing actives into the **skin** and **scalp** **without any needles** to go as deep as **1.5cm** into the skin, making it possible for your skin to achieve great results and intense nourishment.

NO NEEDLE | NO DISCOMFORT

All about CLOUD Technology

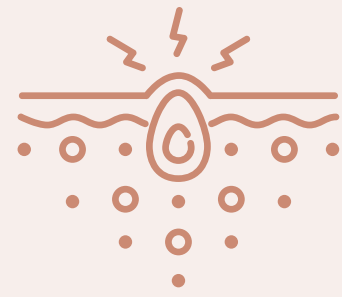

Cloud Skin at ISYA is a world-first breakthrough approach to **trans-epidermal delivery** for all your dermatological & aesthetic needs. It creates **high-pressure, high-velocity** fine liquid jet streams applied to the skin with cloud handpiece.

Creates **gentle** yet **powerful** pressure on the skin surface, **exfoliating** the upper epidermal layer with microdermabrasion, and preparing it for trans-epidermal treatment.

Creates **micro channels** in the dermis & **enables hydroporation** of highly active, **nutrient-rich** substances via micro-droplets delivered deep into the dermis.
